Why Proloquo2Go?

Top AAC features

Symbols used

Speech/ voice options

Customisation

Backing up and sharing

Accessibility

Preprogrammed vocab

When to use Proloquo2Go?

No age prerequisite

As speech is developing - AAC won't stop a child talking!

To support speech that is hard to understand

When no speech has developed

Can still use in conjunction with low tech methods

Amanda's top tips

Lock app to bottom dock

Use Guided Access

Limited other distractions on the iPad

Take screen captures of pages as paper backups

**Personalise vocabulary with your own images & words**

Make it fun, engaging & purposeful

Version 3

What it already did….

*Access to 14,000 SymbolStix symbols Plus easy to add photos from your photo library, or take photos.*

Preprogrammed vocabulary sets
*Research based*
Core word vs Basic Communication

Grammar support

Proloquo2Go

**Proloquo2Go®** is an award-winning Augmentative and Alternative Communication (AAC) solution for iPad, iPhone and iPod touch for people who have difficulty speaking or cannot speak at all. Providing a "voice" to over 50,000 individuals around the world, Proloquo2Go enables people to talk using symbols or typed text in a natural-sounding voice that suits their age and character.

I love to talk with my Proloquo2Go !
